

Motorized

Retractable

New : our in-ceiling screen is now available Tense and Platinum

With manufacturing quality at the height of Lumene screens, this version 4K / 8K voltage is perfectly adapted to the latest projectors on the market. Repeating the same characteristics as its predecessor, this tensioned screen has a high quality 4K / 8K canvas. Its exclusive technology ensures a perfect image, a sharp contrast for one of the best rendering nowadays.

Note : a very slight phenomenon of luminous halo or moiré on texts (including subtitles) may form if the screen is positioned too close to the wall. This is due to the reverberation of the light on the wall behind the screen.

Built-in IR and RF control system

Tab tensioning system

Home automation

SPECIFICATIONS

Screen material

High quality LUMENE screen material
Projection surface : Lumene UHD4K/8K Platinum canvas
Tensioned : oui
Black borders : non
Gain de 1,3
Directivité 150°
Treatments : anti-yellowing, anti-dust, anti curling

Case

Aluminium
In-ceiling mounting
Hook for hanging installation from ceiling

Motor

Lumene Silent Motor, reliable and silent

Control system

RS232 for home automation
Built in RS485, close contact
Remote control with fine adjustment system (batteries provided)
Built-in IR/RF remote control system
Manual switch (Up, Stop, Down)

Warranty

2 years

DETAILS

Canvas technology

Built on the same foundations as the Lumene UHD 4K canvas, the UHD 4K / 8K Platinum canvas is a 1.3 gain screen. The screen thus reproduces absorbed light more intensely, allowing every detail to be rendered with enhanced precision.

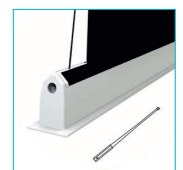

Motor Technology

Our motorized screens: Majestic HD, Showplace HD, Coliseum UHD 4K, and Coliseum UDH 4K / 8K Platinum are all equipped with our brand new Lumene Silent Motor. Entirely revamped, the motor offers a better user experience and ensures a longer lifespan.

INCLUDED :

IR remote control

Lateral tension

OPTIONAL :

Wireless trigger
12V (433Mhz)

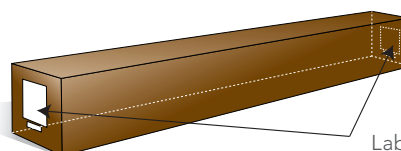

RF remote control

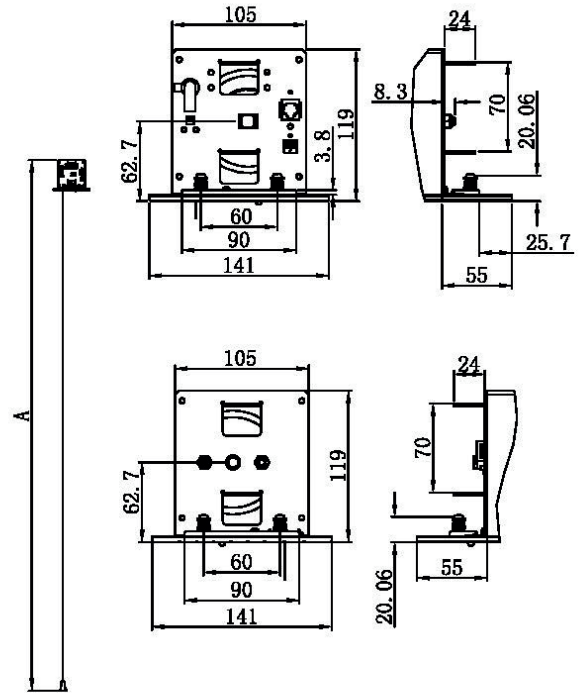

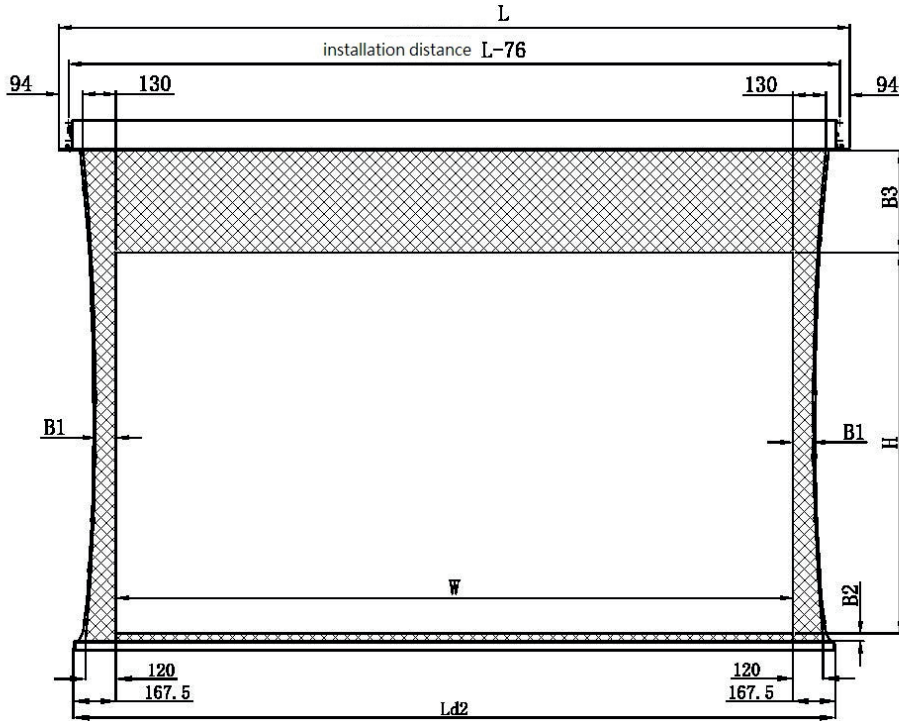

PACKAGING

Store horizontally
